

# Conference Notification

## **Sixth International Conference on Science & Technology Metrics (STMet 2025)**

**October 13-14, 2025**

**Macau Millennium College,**

**255 Alameda Dr. Carlos d'Assumpcao, Macao**

**Macau** [www.socio.org.uk/stm](http://www.socio.org.uk/stm)

Building metrics is the key to science and technology measurement and translating the measures to work better. The metric is not confined to drawing numbers and analysing. Selecting a metric depends on synthesizing multiple directions and evidence-based data. Producing benchmarks and standards in science and technology valuation and implementing them with real data mark the full-fledged system. Quite recently, we have witnessed the emergence of new metrics-based models aiming to reflect the growth of science and technology. The proposed Science and Technology Metrics (STMet 024) conference concerns how many metrics may involve assessing different aspects of science and technology, which are best expressed using different approaches. Besides the standard conference track and the Doctoral Symposium, STMetrics will host several workshops and tutorials related to the conference's theme. The workshops provide participants with a friendly, interactive atmosphere for presenting novel ideas and discussing their application of metrics in Science and Technology systems. The tutorials aim to enable the participants to familiarise themselves with theoretical and practical aspects and the application of metrics.

The proposed conference includes invited talks, presentations, tutorials, workshops, and discussions. The STMet has tracks on specialized topics. The STMet addresses the themes below, but it is not limited to them.

Citation-based metrics

Ranking of Journals, Institutions, and Countries

Discipline and Domain Analysis

Economic factors

Databases and datasets for evaluation

Evaluation Tools and Indicators

Web-based metrics

Visibility and impact

Internationalization

Text-based Metrics

Innovation indicators

Wearable Devices

Open data

Download Scientific Collaboration and cooperation analysis

National Evaluation Systems

Open access and open publishing

New indices for evaluation

Altmetrics

Web-based metrics

Data Science and Digital Repositories

Scientific Visualization

e-Science in the Cloud

Scientific Journalism

Scientific Publications

Scientific Knowledge Diffusion  
Research Data Access  
Co-working in Science  
Science, Innovation and Economic Performance  
Public Research Systems  
Future S & T Policies  
Translating Metrics to Science Policy  
Evaluation beyond Metrics

All submitted papers will be reviewed by a double-blind (at least three reviewers), and participative peer review. The review process will enable the selection process of those who will be accepted for their presentation at the international conference. Authors of accepted papers who registered in the conference can have access to the evaluations and possible feedback provided by the reviewers who recommended the acceptance of their papers, so they can accordingly improve the final version of their papers.

Mentoring support is available to young researchers and authors from developing countries.

**Selected post-conference modified versions of the papers will be published in the following journals.**

1. Performance Measurement and Metrics
2. Journal of Digital Information Management
3. Journal of Information Science Theory and Practice
4. International Journal of Computational Linguistics

There is no further publication fee for the above journals.

### **Top Committee**

#### **General Chairs**

Muhammad Aqeel Ashraf, Multimedia University, Malaysia  
Grant Lewison, King's College, UK

#### **Program Chairs**

Valentina Markusova, The All-Russian Institute for Scientific and Technical Information, Russia  
Pit Pichappan, Digital Information Research Labs, India & UK  
Daisy Jacobs, University of Zululand, South Africa

#### **Co-Program Chairs**

Amir Reza Asnafi, Shahid Beheshti University, Iran  
Kazuyuki, Motohashi, University of Tokyo, Japan  
Giovanni Abramo, National Research Council of Italy, Italy

#### **Workshop and Special Session Chairs**

Ulle Must, Education and Youth Board, Estonia  
Important Dates

Submission of Papers:	August 25, 2025
Notification of Acceptance/Rejection:	September 20, 2025
Camera-ready:	October 05, 2025
Registration:	October 05, 2025
Conference Dates:	October 13-14, 2025
